About Nightsun

Nightsun One of the biggest modern enterprises specializing in manufacturing the lighting equipments in China". Nightsun is the spreader that leads the culture of lighting toward the whole world by concentrating in the development of research, production and sales in the past 19 years.

As a popular brand product in global scale, Nightsun has marketed in more than 80 countries and areas, which include America,Germany ,Japan,Italy,France,Canada,Spain etc. The enormous impact in the global light field has it established a good brand image and public praise as well in China. It has been highly praised by Chinese government and lots of user groups in different fields, and had been granted "Entertainment Equipment Engineering Enterprise Comprehensive Technical Ability Level Certificate","Prestige Unit of The Chinese Show Equipment Technology Committee","China's Guangdong Entertainment Industry Chamber of Commerce Vice-chairman Unit","Chinese Most Competitive Brand","Quality and Prestige Double Guarantee Unit","AAA Degree Stage Equipment Technology Committee","Ten Best Channel Construction Industry" and honors etc. The company has passed the ISO quality system certification, CE certification and UL certification and ROHS certification. We manufacture in strictly according to the ISO 14000 international environmental protection system, and it makes our products without exceptable pass the quality that is welcomed around the world. Nightsun enterprise includes more than 600 staffs, and 12 affiliated workshop, business division,subsidiary,and research institute etc branches. Its independent property construction area occupied 30000 Square meters land. The variety of products are world class, include 4 areas : (1) Professional performance stage lighting (2) Entertainment lighting (3) Environmental lighting (4)Home party lighting.

Looking forward to the future, as the Nightsun group's common international practices, in order to achieve the resources sharing body,benefit community and risk sharing body with Chinese partners which can realize the Close win-win cooperation relationship, Nightsun commits itself to the stage lighting total solution ,synergetic marketing. Fully grasp Chinese professional lighting market mainstream, can make the technology research and develop advantages ,professional manufacturing advantage and brand advantage turned into market advantage, so to emphasize Nightsun's big brand connotation-----brand quality,brand image,brand service and brand effect.

MOVING HEAD

LED MOVING HEAD BEAM
SPB010

SPB010 is a LED moving head beam light with low-energy, environmental, high safety, beautiful appearance and very suitable for entertainment places and pro-stage . Meanwhile, it is a kind of final version stage light with high speed, accurate and efficient motor can provide not only large pan angle and tilt angle scan,but also with smooth and high speed. 3 districts LED effects display, create unlimited dynamic colorful effects.

It has not only super beam effects, but also many excellent results, including: high-speed flash effect; unlimited color options; evenly linear dimming effect. 7 degrees narrow beam angle effect with flash effect of the multi-mode, make a strong and shocking beam sense.

Dimmer : 0～100% linear electronic dimming function
Rotation : Pan 450° Tilt 200° with automatic error correction
With 8-bit and 16-bit rotation accuracy, precise positioning, rotation speed adjustable, automatic error correction
Light is with two power terminals, one is input, another is output

LED MOBING HEAD BEAM
SPB011

SPB011 is widely used in bars, show bar, performing bar, nightclubs and other medium-sized entertainment places. It has beautiful housing and features low-carbon, green energy, long life and high safety performance; It is also a super-fast ultimate stage lighting. With the high precision motor, it can operate smoothly on horizontal and vertical with high speed... With the LED light sources, it can create unlimited dynamic color effects.

LED MOVING HEAD WASH
SPB012

SPB012 is a wash light with 19 high quality LED light source and zoom function, high speed motor which makes it move fast and smoothly.

This light has 3 LED zones with individual control of each that produces infinite color effects. Electronic zooming and precise adjustment on beam angle which makes the light to be ideal choice for beam washing. Equipped with diverse strobe modes, the luminaire is powerful to make an impressive lighting effect.

SPB012 is easy to operate, built-in programming is to make different colors and strobe effects.

LED MOVING HEAD WASH
SPB005B

SPB005B is a LED moving head wash light which is characterized by low-energy, environmental, high safety, perfect appearance design. Accurate and efficient motor can provide full range of scan smoothly and rapidly. Its gobos and color wheel system create also excellent dynamic colorful effects and vivid pattern effects.

Suitable for: Bar, Dance hall, Arts performing, Auditorium, Lecture hall, Multi-purpose hall, party and the other Large and medium-sized performing places.

LED MOVING HEAD SPOT
SPB312

SPB312 is LED(60W) moving head spot light, it is easy to operate with built-in program that is freely to produce gobos, strobe effect and diverse colors.

Suitable for: entertainment occasions like bars; and other applications such as meeting halls and multi-function meeting rooms etc.

Ⅰ.Light Source
Light source: LED 60W (white color)
Typical lumen maintenance rate: 70% @ 50000 hours

Ⅱ. Optical Effects
High quality optical lens
Beam angle: 13°
Color temperature 6000K – 7500K
7 colors plus white color; rainbow effect on double directions
Gobo wheels: gobo 1 with auto rotation of each gobo (7 gobos plus white color); gobo 2 (7 gobos plus white color)
Prism wheel: three facet prism with rotation on double directions and navigating function

Ⅲ. Electronic Specification
Power supply: AC100-240V,50/60Hz.

LED MOVING HEAD SPOT
SPB315

SPB315 is widely used in large and medium-sized entertainment places such as Bar, Disc club, show bar; auditorium, multi-purpose hall, banquet hall and others small or medium-sized performing places. it is designed with good looking, low-carbon design, green energy, long working life, high safety performance. Compared to other lights in this field, this light is outstanding with every technology has reached top level in entertainment lighting industry.

SPB315 has extraordinary light effects, powerful image effect, perfect design, high-quality optical system that projects a sharp beam. 180W white LED light source with a high-quality optical lens, its lumen output light efficiency of the industry-leading level.
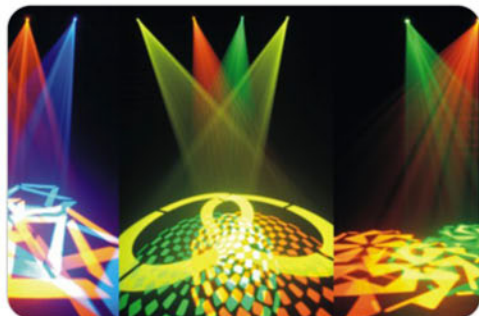

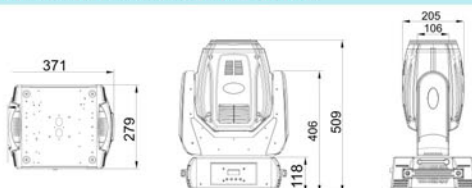

I . Light Source
Lamp type:180W white LED module
Typical lumen maintenance rate:70%@50000 hours.

II .Optical Effects
High effciency optical lens.
Beam angle:16°.
With 7 colors＋white,RGBW,positive and negative direction dynamic rainbow effect.
One rotating gobo wheel(6gobo＋white),with the effect of rotation gobos. One fixed gobo wheel(7gobos＋white).
prism effect,rotating prism with both positive and negative direction of rotation,and a positioning function of the prism.
High-precision 0 to 100% electronic linear dimming function.
Adjustble frequency dynamic flash effect.

LED MOVING HEAD 14 BEAM
SPB006B

SPB006B is a LED moving head Beam light,which is suitable for entertainment and pro-stage . It is characterized by environmental, high safety, perfect appearance design and low noise. The LED beam light can create many excellent dynamic beam effects.

Suitable for: Bar, Dance hall, Arts performing, night club and the other Large and medium-sized performing places.
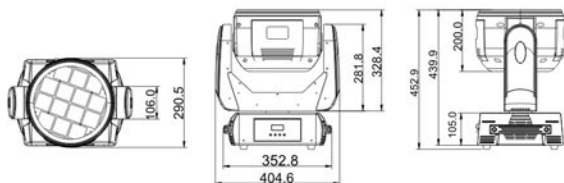

Ⅰ. **Light Source**

Lamp type : 14×5W LED white

Typical lumen maintenance rate : 70% @ 50000 hours

Ⅱ. **Optical Effects**

a fixed color wheel with 4 colors + white, color wheel with rainbow streamed effect
Beam effects are controlled by Fresnel lens wheel, and it is easy to control to be spot and scattered by the wheel unlimited rotating
0 ～ 100% linear dimming
Color displays effects with changeable speed
Adjustable frequency with dynamic flash effect

Ⅲ. **Electrical Specification**

Power supply : AC 100-240V,50/60Hz

2R MOVING HEAD BEAM
GA078

GA078 features high speed with powerful motor inside, and three individual lighting display function can produce diverse colors. This light has the same color wheel and gobo wheel as standard Sharply and gobos and color together eight facet prism that produces unexpected effects. Narrow beam effect come out from high quality focus lens will shock you throughout of the whole performance with great strobe effects.

This light has wild applications like stages, studios, meeting/report halls etc that make it a powerful light of beam light.

7R MOVING HEAD BEAM
GA080B

GA080B is economic stage Moving Head Beam with high brightness. Efficient and accurate three-phase motor drive creating a pan and tilt high-speed operation.

Eight prisms combined with gobos and color wheel can create unlimited dynamic pattern effect .
Suitable for: Theater, Studio, Arts performing, Auditorium, Lecture hall, Gymnasium and the other Large and medium-sized performing places.
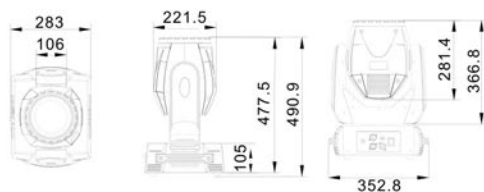

Ⅰ.Light Source

Lamp type : OSRAM 230W

Typical lumen maintenance rate : 70% @ 2000 hours

Ⅱ.Optical Effects

Beam angle: 4°

Color: one color wheel with 14 colors＋ white

Gobo wheel : 17 plug gobos ＋ white

The rotating eight prisms can be any direction of rotation, with precise positioning function.

High-brightness lamp, luminous flux for 7950 lm, color temperature of 8000K.

0 ~ 100% linear automization effect

LED MOVING HEAD BEAM
SPM301

SPM301 is a powerful stage beam light ,which delivers extremely bright,strong and punchy beam light output .it is easy to use, the intelligent control program sbuilt- in the product ,so it can easily create all kinds of dynamic color and flash effect

Suitable for :Bar, Dance hall, Arts performing, Nightclub, KTV room and the other medium and small-sized performing places.

SPM301 is characterized by low-energy, green environmental, high safety,perfect appearance and long life.

Display: LED display

Channels: 15 DMX channels

Electronic adjustable flash with high speed

Rotation:Pan 450° Tilt 270°

With 8-bit and 16-bit rotation accuracy, precise positioning, rotation speed adjustable, adjustable speed of rotation

Controls: Sound activate, Auto, DMX, Master/Slave

Ⅶ. Safety and appearance

Housing: Made by high-temperature resistance plastics

Perfect appearance design

Protection rate : IP20

LED MOVING HEAD SPOT
SPB301

SPB301 uses a 15w RGB 3 in 1 LED light source, it has is very eco-friendly power consumption.The optical system produces a very smooth ,high quality light output of rich,beautiful colours with no shadows .

It is ideal for all small-to-medium applications,particularly those where space and accessibility is an issue.

Ⅰ. **Light Source**

Lamp type : 1×15W LED (RGB 3 in 1)
Typical lumen maintenance rate: 70%@50000 hours

Ⅱ. **Optical Effects**

Optical lens with high luminous effect
Electronic flash with adjustable speed
Unlimited mixing color with RGB

Ⅲ. **Electrical Specification**

Power supply:AC 100-240V,50/60Hz
Power consumption : 50W

Ⅳ.**Mechanical Specification**

Length : 177 mm (7")
Width : 177 mm (7")
Height : 250 mm (9.8")
Packing size : 378 x 236 x 262 mm
N.W : 3.1 kg
G.W : 3.8 kg

Ⅴ. **Temperature Specification**

Working Environment : up to 40℃
Over- heated protection

Ⅵ. **Light Control**

Display: LED display
Channels:8/13 DMX channels
Electronic adjustable flash with high speed
Rotation: Ultra microand smooth scanning in wild scope,pan 540°Tilt 270° with automatic error correction
With 8-bit and 16-bit rotation accuracy, precise positioning, rotation speed adjustable, adjustable speed of rotation
Controls: Sound activate, Master/Slave, Auto, DMX

Ⅶ. **Safety and appearance**

Housing:high-temperature resistance plastics
Perfect appearance design
Protection rate : IP20

MOVING HEAD SPOT(1200W)
GA043

GA043 is a 1200W classic Moving Head Spot which has powerful functions, excellent beam effects and perfect design. Two color wheels and two gobo wheels combined with high-speed flash function can create unlimited dynamic pattern effect, which is equipped with semi-color switch and has rainbow function to create a dazzling rich color effects.

Suitable for: Large and medium-sized entertainment occasions such as Bar, Disc club, show bar; auditorium, multi-purpose hall, banquet hall and others small or medium-sized performing places.

Ⅰ. Light Source

Lamp type : HMI 1200Wshort arc JENBO lamp

Typical lumen maintenance rate : 70% @ 750 hours

Ⅱ. Optical Effects

Beam angle:11~18°

Color temperature: 6000K

Dimming: High-precision 0 ~ 100% linear dimming

Colors: Two color wheels 7colors＋white, with high-speed semi-color switch and rainbow function to create a dazzling rich color effects.

Ⅲ. Electrical parameters

Power supply: AC 200-240V,50/60Hz

Power consumption : 1500 W

Ⅳ. Mechanical parameters

Length : 500 mm (19.7")

Width : 400 mm (15.7")

Height : 740 mm (29.1")

Packing size : 590×470×850 mm

N.W : 51 kg

G.W : 78 kg

Ⅴ. Temperature characteristics

Working Environment : up to 40℃

Temperature protection : overheating protection function

Ⅵ. Light Control

Display: LCD display

Channel: 20 DMX channels

Strobe : 1 ~ 12 times strobe effect / second.

Dimmer : 0~100% Electronic linear dimming function

Rotation : Pan 540° Tilt 270°

With 8-bit and 16-bit rotation accuracy, precise positioning, rotation speed adjustable .

Remote reset function

Ⅶ. Safety and appearance

Housing: Fiber-reinforced composites , anti-ultraviolet (UV)

Protection rate : IP20

MOVING HEAD SPOT(575W)
SA052

SA052 is a 575W Moving Head Spot, which has a perfect appearance design and many excellent functions. The high-quality lens system can make a best spot effect; efficient and precise motor provides a full range of scanning ; a high speed rainbow effect .Special gobos wheels system can make many infinite variety of dynamic pattern effects.

Suitable for: Large and medium-sized entertainment places such as Bar, Disc club, show bar; auditorium, multi-purpose hall, banquet hall and others small or medium-sized performing places.

Ⅰ. Light Source
Lamp type : HMK 575W, JENBO lamp(optional: without lamp)
Typical lumen maintenance rate : 70% @ 750 hours

Ⅱ. Optical Effects
Beam angle:11°
Color temperature: 6000K
Dimming: High-precision 0 ～ 100% linear dimming
Colors: One color wheel 7colors＋white, with high-speed semi-color switch and rainbow function.
Gobo wheel : 6 plug gobos ＋ white, easy to handle
0～100% linear zoom effect
Two-piece adjustable frequency dimming and random strobe effect

Ⅲ. Electrical parameters
Power supply: AC 220V,50/60Hz; AC 110V,50/60Hz
Power consumption : 800 W

Ⅳ.Mechanical parameters
Length : 380 mm (15")
Width : 470 mm (18.5")
Height : 480 mm (19")
Packing size : 545×500×575 mm
1040×500×700 mm (2PCS/CTN)
N.W : 26 kg
G.W : 31.3 kg

Ⅴ. Temperature characteristics
Working Environment : up to 40℃
Temperature protection : Overheating protection function

Ⅵ. Light Control
Display: LCD display
Channel: 14 DMX channels
**Srobe** : 1 ～ 10 times / second, variable speed flash
Dimmer : 0～100% Electronic linear dimming function
Rotation:Pan 540° Tilt 270°

Ⅶ. Safety and appearance
Housing: Fiber-reinforced composites, anti-ultraviolet (UV)
Protection rate : IP20

LED MOVING HEAD 4 BEAM
SPC069A/SPC069B

SPC069A is one kind of powerful 8W LED moving head beam light, it uses brand new and beautiful metal and plastic body with excellent performance of resistance to high heat and hard force. With CE & CCC certificates and according to the standard of USITT DMX512, the light is available to stand alone control and also master/slave mode, and it features quiet and fast operation with multi functions. Their application could be stage, studio, club and bars etc.

LED MOON FLOWER WASH
SPC025

LED flood light uses ingenious design. It has RGB dimmer and color mix function as traditional flood light, but also has dynamic picture running automatically. It has high power LED with moon flower effect at the both sides. It uses constant current driver, which makes the LED with long working time and uniform brightness. Make the use of the theory that RGB basic color to make multicolor and dependent light point on the screen, it can create many auto effects. Under DMX control model, it can change the color and effect quickly. And built-in program is also available.
